Risk Management Excellence

in Microfinance

Connecting Luxembourg to Leading MFIs

November 26 to 30, 2010

ATTF, ADA and PRiM are proud to announce the hosting of the **third edition of the workshop dedicated to Risk Management in leading Microfinance Institutions.**

This prominent event will take place in **Luxembourg from November 26 to 30, 2010 (4 days)**, and has been specially designed for **high level executives of leading MFIs** which have already created or eventually are about to create their own Risk Management Department.

As the Grand-Duchy of Luxembourg is one of the major financial centers in the world, Financial Risk Management is among its key competences. Over the last years, it has also established connections with the microfinance industry at a variety of different levels. **The workshop Risk Management Excellence in Microfinance will be a unique opportunity for leading MFIs worldwide to meet high ranking professionals from various Risk Management areas so as to share experiences and expertise.**

If you are a high level executive of one of the leading MFIs, taking into account its balance sheet and Mix Market position, and, **if this event is of interest to you**, then please reply to the contact e-mail and we will send you further information in the coming weeks.

For your information, the closing session of this workshop will be enclosed in the European Microfinance Week 2010 (November 30 to December 1), the European Microfinance Platform's annual event (www.e-mfp.eu).
