

People Risk Conference 2008

organised by

In its 8th edition of the quarterly [PRiM Risk Newsletter](#) (published in [December 2006](#)), the main theme was **People Risk**. In the world of risk management, this theme is often overlooked, as many control frameworks concentrate much more on processes, systems and external events. That edition attracted levels of interest and feedback, eventually leading to the idea that a conference should be organised to explore the emerging themes more thoroughly.

[Hudson](#) and the [POG](#) have agreed to join [PRiM](#) in organising this event, bringing their specialist expertise to the risk management world.

Date:	June 25th 2008
Time:	09:00 – 14:00
Venue:	Chambre de Commerce, 7, rue Alcide de Gasperi L-2981 LUXEMBOURG
Cost:	€50 per person €35 for members of PRiM or of POG

OBJECTIVE

- To explore the **themes of recruitment, health, fraud and change management** and the risks they pose to senior managers and risk professionals within their businesses on a daily basis
- To **heighten awareness** around the risk issues relating to the individuals working within our businesses
- To **share the experience and insights** of senior players from within the Luxembourg business community

TARGET AUDIENCE

- **Senior management** from the Luxembourg business community
- Professionals from **Risk Management and other internal control functions**
- **HR professionals**

FORMAT

- **Four keynote speakers** with specialist knowledge of recruitment, health management at work, fraud and change management
- A broad **panel of experts** chaired by a senior figure from the local community, leading to Q&A sessions with all participants
- The event will last for **all morning and end with a buffet lunch** for further informal discussion and networking
- The conference will be addressed at its close by **Ministre de Travail et de L'Emploi, M. François Biltgen**
